No step. No stone. No Broken bone. Can stop this peep. Can stop this creep.

Look I will with little eyes. I hope I don't see those ugly thighs. While I watch your little pathetic life.

I have nothing at all against the gay community, and your faults and wretched sins have nothing to do with your sexual orientation. You. Are. Confused.

But when you sleep. I creep.

I creep.

> By and large the gayest thing that's ever happened to me. I know people that were literally in love with me that do not follow me around and know this much about me. This is the entire event has been gayer than christmas. You couldn't be gay or if you had three dicks in your ass at once. You are gay and I don't know jack on a Broadway stage and Christmas time getting the can can Santa in full high drag. This is as gay as Christmas and gayee in fact. When they say what is gay in terms of not happy gay but what is gay gay they think oh my God this guy is the gas thing on the planet. You are the reason there's a rainbow flag cuz people like you needed something to be proud of. You are the reason for all the years of of torment and pain because I feel we can come out for people like you you are so gay you are practically things getting better. Things get better. So much so because you are that gay. You are so gay you are the ngltf you are the HRC guy you are the glaad gay... You are the gay straight alliance I never got to start in high school. You are so gay you are a one-man parade. And even though there is no parade you're a one-man's cyber parade. Everywhere you go people go that's guys and gay. Women children adults men everybody.. gay.
>
> You are the gayest thing ever. I don't care if you have a wife children and 17 other girlfriends that you touch uncomfortably at night. But consensually obviously. I met many straight men who claim to be straight who are very much less gay than you even having sex with other men. So you are gayer than the DL married straight man of the world. You are gay gay gay. Literally everyone agrees. Everybody everybody you are homosexually pansexually overly sexually closeted sexually a little bit weirdly sexually gay gay gay gay you are literally chasing a gay man around learning all of us habits and everything he does. Gay gay gay I fail to see how this isn't gay gay to you gay.
>
> You're gay congratulations you're gay still gay gay than Christmas look how gay you are even your girlfriend thinks you're gay she asked me directly. Is he sleeping with dudes and she goes I hope you want to tell me that cuz I thought you would know because she thinks you are she doesn't think you're sleeping with women she thinks you're f****** around on her own with dudes.. she's still with you thinking you're f****** around with dudes behind her back gay. She is a we used to call a beard gay you can look that one up gay gay

Nice not hearing frok you crazy person.

This is being forwarded again to my buddies at the FBI.

I also took screenshots of the people that own the current incarnations of your telegram accounts including Luke the 13 year old that you lied about, Debbie whatever her last name was, and Dr talos. All these people have current active accounts that have been interacting under separate names.

Give away a lot more information than you think. Thank you for your time. You really should find a better hobby. This is ugly and your admitting to all sorts of fun crimes.

Also you don't know who I am you've never met me before and you don't live in Jacksonville. Have a good day.

You're looking let me show you what I'm doing now

You're being blocked.

PS most modern dramas don't involve 3 acts. The audience tends to leave out of boredom. Especially when act 2 is so disappointing
