For my own documentation purposes, only two people were in my home yesterday and I didn't leave the house otherwise . 1. AL - who has no connection to any of this. 2. DR - chief suspect and likely cause who is probably butthurt over some gay shit I said to him last night and who literally has nothing else to do with his time today. Also, 3. SS who showed up and stopped 100 feet away from me, didn't speak to me and then moved on.

Of note. All three have my WiFi codes. DR has a guest code. SS I think has a non fake changed today . All three monitored. Both DR and SS were on propert last night accessing my wifi

You're a fool. You're an idiot you're ugly and you'll never accomplish anything in your life. The simple task of identifying me you have failed.

I truly truly truly feel for your family. What a disaster.

(845) 280-3476 • 1:57 PM

Quiet Ben. No one's listened to you

2:32 PM

Your family is.

Had a nice chat at the camera club, he has no idea. Just nice to see people.. Socializing and getting out of the house is good you should try it sometime. My sweetie.

(845) 280-3476 • 3:03 PM

So you're stalking my father now? Good

his dead mother there's another lie Jesus, what pathetic people you are or person you are and then I think we can both agree I know who you are you're just lying about it again but that's OK. Everything comes out and in and somebody's talking.
